Dietary guide • (gf) gluten-free (vlg) very-low gluten (n) contains nuts (v) vegetarian (vgn) vegan

Payment advice • please note that we only accept card payments

Drinks

Our coffee

We roast all of our coffee in-house at our roastery located just outside of Chester. Sourced directly, our house espresso is a washed coffee, from the renowned Aquiares Estate, based in the Turrialba region of Costa Rica. The centroamericano hybrid varietal, with taste notes of nectarine and caramel, is produced by Diego Robelo and his team - who were the first Costa Rican coffee farm to reach carbon neutrality, and also celebrate a Rainforest Allience Certification.

We serve all of our coffees as a full shot, traditionally a double, and aim to steam our milk to 63 degrees, so please consider this when ordering. All of our coffees are available iced.

Coffee • black
