Water

We charge £1 for a large carafe of filtered still or sparkling water. All profits go towards Project Waterfall, a charity focused on bringing clean water to coffee-growing communities.

Our Coffee

We carefully source our coffee from farms with a focus on quality, sustainability, and work ethics in mind, roasted locally at our HQ situated just outside the city centre. We regularly source Rainforest Alliance certified and carbon neutral coffees. Our retail coffee bags are recyclable, and from a supplier that offset their carbon emissions.

Milk alternatives • Oat / Almond (n) / Coconut (gf) / Soy (gf)
